

## TREATMENT WITH RITA

March 2012

Rita treated me last week in a way that I could feel her energy run throughout my body. I was not so tired as before. During the week I felt my old energy come back and also managed to eat less and did not have the craving for sweet things which I have when I get tired.

I have improved my well being in a very subtle way.

People have remarked that I look better, and even though I don't see it myself – I do believe it as I hear it so often from other people.

Rita works with a high degree of intuition and when I am being treated by her I do not want talk – but to remain for as long as possible in the presence of a high being, who I am sure is with us throughout the treatment.

I can recommend Rita as a therapist with healing hands and who is a strong Channel for Divine energy to work through her.
